

## **ENACTT ITALIAN MOBILITY VITERBO**

**9/15 February 2020**

On 9/2 Italian partners welcomed all the delegations coming from abroad at different timetable. The morning after the whole group met at the IRASE centre to begin the work. Each partner made a presentation of its own institution and the centre was showed around.

In the afternoon the group took a guided tour in the medieval city centre of Viterbo

On 11/2 we had a school visit at “Paolo Savi” one of the most important school in town for the number of students and the activities which are carried on there. The headmaster of the school welcomed the group, showed the classrooms, the laboratories, gym and all the facilities around.

After we visited the artistic Lyceum “Orioli” where a vice headmaster welcomed the group and showed all the laboratories around. This school is the first one in the region as regards the inclusion of students with special needs. In this school the group could observe the various kind of approach to “disability” and the relative adopted strategy.

In the afternoon the delegation visited the thermal site “Terme dei Papi”

On 12/2 in the morning working session about the school visit. It was made a comparison between the two schools visited, we analyzed the similarities between this kind of education and that in each foreign country, we had a work on the effective good practices we observed there and finally we observed the weakness aspects of education in those two schools.

In the afternoon we attended the lesson on “cooperative learning” by Prof. Palazzetti where each component of the group was personally involved in the lesson.

On 13/2 work session on the evaluation of the lesson: communication and interaction between teacher and participants, considerations about materials used during the lesson, learning activities carried out during the lesson (strategies and methodologies), learning environment and other observations.

In the afternoon the German partner gave us all the info about the use of the learning digital platform and the implementation of the project.

On 14/2 last working session on the implementation of the project, delivery of certificates. In the afternoon cultural visit to Rome. It was not possible to visit the national building of Irase due to restoration works

On 15/2 departure of delegations.

Patrizia Falesiedi
